

ILA BERLIN

PIONEERING AEROSPACE

Berlin ExpoCenter Airport
June 5 – 9, 2024

ila-berlin.com/aam

AAM HUB

ILA Berlin is the most innovative trade event in the aerospace industry and offers an ideal platform for all players – from highly specialized small companies to global industry leaders. Present your products and services at ILA Berlin, establish contacts with partners for new projects as well as with important stakeholders and get informed in the various program offerings.

Present your company and breakthrough innovations on our ILA STAGE AAM to industry, politics, infrastructure providers, government authorities, research institutions and the public from around the world.

Present yourself as a university, research institute, start-up company or innovative manufacturer on a dedicated stage at the ILA Berlin – cost-effectively and exclusively.

FOCUS:

- › eVTOL Ecosystem (vehicle, vertiports, operator, supply chain, digital backbone, cyber, new revenue models, etc.)
- › Commercial drone and eVTOL applications
- › Integration of drones and eVTOL into airspace (ATM/UTM)
- › Counter-UAS (detection & defence)
- › Social embracement of IAM/AAM
- › Aerial services as a profession
- › Establishment of networks/infrastructure
- › Public support and funding
